

## Skyview Tower — an elegant addition to Dubai Marina

Set in a first-class location within Dubai Marina, the jewel in the crown of New Dubai, Skyview Tower apartments from Halcon Real Estate enjoy panoramic views of sea and the marina. Set in the elite neighbourhood of Ritz-Carlton, The Royal Meridien, The Habtoor Grand Resort and Spa, and The Grosvenor House Hotel, The 32-storey Skyview enjoys a prime and unique position amongst some of Dubai's most luxurious hotels.

Stepping outside Skyview Tower you will be surrounded by the beachfront, marina walk and a large selection of world-class restaurants, cafes, beach facilities and spas all within a two-minute walk.

The Tower includes a mix of spacious one, two, three and four-bedroom apartments, studio flats, limited terrace apartments and six stylish and elegant duplex apartments each including a parking space. All apartments have balconies and terraces to enjoy the spectacular views of both the sea and the marina.

Meticulous effort has been put behind every element of Skyview tower, allowing it to be a top class building; a designer tower in what will be an amazing location. A location that will one day become like Park Lane of London or perhaps Park Avenue of New York.
